TOKEN AND MEDAL AUCTION #34 — PART I

Held in conjunction with the Delaware Valley Vecturists/Philadelphia TAMS Token and Medal Convention May 14-15, 1983 at the Country Squire Motor Lodge, Route 70, Cherry Hill, N.J. The sale will start promptly at 7:00 PM, Saturday, May 14. For those of you planning to fly into Philadelphia for the Convention, the Rapid Rover Airport Shuttle runs a limo directly to the Country Squire. There is a Metro Rapid Rover counter at the airport baggage claim area. Motel reservations may be made by calling 609-665-1100.

We are issuing this sale in two parts. You should receive the mail-bid only section within the next 2-3 weeks. **NB: MAIL BIDS ON THE FLOOR SALE PORTION OF THIS AUCTION MUST BE RECEIVED NO LATER THAN MAY 12!**

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.

2. Bids under $10.00 will not be reduced and bids will not be reduced to under $10.00.

3. In instances where there are duplicate lots, you may bid on an earlier/or basis and indicate a preference if you like.

4. Some lots are reserved. The auctioneer will execute such reserves by bidding for the consignor through its representatives.

5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept return when we are in error. On the other hand, capricious returns will not be tolerated.

6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use post office boxes are urged to give us their street address for UPS delivery as their charges are often considerably less than the Postal Service.

AUCTION SUBSCRIPTIONS

We have finally computerized our subscription list. If you will look at the computer address label you will note either a number, such as 34, or the letter "C" opposite your name. "34" means that your subscription to our sales expires with the publication of Auction #34 (this sale). If you note a "C", that indicates that your subscription is a complimentary one. These are given as a matter of courtesy to all dealers who request it. If you see neither a number nor the letter C, then this means that you have received a one-time only complimentary copy and that you will have to subscribe to receive future sales.

Hard Times Tokens

1. Low 56. VF/XF. Popular Van Buren political from B&R's Roy Harte Collection Part II.
2. Low 81. HOWELL WORKS GARDEN. F. A bit dark as usual. Scarce.
3. **Low 183, MVB 1840-8. Original gilt. The obverse gilding is worn through on the forehead and the shoulder. There is a light coating of corrosion on the reverse within the letters and the device. Overall XF and still most attractive.**

4. Low 194A. XF. Two small rim dents and several field marks. Still a nice example of the enigmatic beehive token.
5. Low 227, PA 82. **CATCH CLUB**. VF/XF. An extremely rare token about which little is known. Various writers have speculated that it might have been an early cricket club, a purely social club or even a secret society. (See Token Collectors Pages, P. 53).

6. **Low 246, PA 163. S. FEATHER. VF/XF. One of the rarest of the Pennsylvania storecards. Fuld comments (TCP p. 84), "This token's rarity can be attested by the fact that Dr. Hettrich's almost complete collection of Pennsylvania's tokens did not contain a specimen." A modest minimum bid of $2500.00 has been set for this token.**

7. Low 255, NY 303, Storer 1536. DR. J. G. HEWITT, BONE SETTER. VF. A small reverse edge dent.
8. Low 356, PA 486. SPERING, GOOD & CO. F/VF. A few field marks and discoloration spots. Scarce.
9. Low 384A, PA 530. JAMES WATSON. A really choice AU and by far, the nicest example of this token we have ever seen. Purchased by Mathis in Ed Frossard's 104th Sale (8/10/98) and then ex-Fuld.

9A. Low 403A, MD 128. RANDALL & CO. XF. Obverse die cracked. Auction records on this token run to $1000.

19th Century Merchant Tokens

10. Ala. Unlisted. A muling of the reverse of Ala. 2 (NOT TRANSFERABLE 1853) with an obverse die of Daniel Webster. White Metal. AU. Only 16 struck in this metal according to a comment made in the Levick' Sale of 1865.
11. CAL-1E. J. E. POLHEMUS c/s on an 1856S quarter. G.
12. KY 25. H. MILLER & CO. DIE SINKERS. R&B Unc. One of the most graphic of the pre-1860 period tokens.
13. KY 26. H. MILLER & CO. AU. Same as above, but in white metal.

192. **Obverse and reverse process sets of the Gerald R. Ford Official Vice Presidential Inaugural medals.** There were eight separate steps in the manufacture of the Ford medals starting with the blank planchet and ending with the finished medal. A process set contains a uniface example of the medal in each of the eight stages. These have been attractively affixed to two walnut boards and make spectacular hanging displays. Less than 25 of these sets were produced and sold to favored MACO customers.

193. 10" Bronze galvano of the Official Gerald R. Ford Presidential Inaugural Medal. Attractively mounted on a walnut board and ready for handing. Again, less than 25 of these were produced.

The edge on this medal is lettered "FIRST STRIKE 12."

196. **1981 RONALD REAGAN OFFICIAL INAUGURAL MEDAL-ALTERNATE REVERSE.** When the original rendition of the reverse of the Reagan medal was shown to the Medals Committee, its members felt that the reflection of the Capitol's dome in the pool at the bottom of the medal would be visually confusing. MACO was requested to cut a new die omitting the reflection of the dome. This was done and a specimen struck for examination by the Committee. It was at once apparent that the new reverse was no improvement and so the original reverse was revitalized. No more than a dozen of these medals with the "alternate" reverse were struck and presented to members of the Medals Committee and others. Unc. Contained in a plush presentation box.

197. Uniface trial strike of the 1981 Reagan Official Inaugural Medal. Lead. Obverse bronzed. Before the dies were hardened, trial strikes in lead and pewter were made to be photographed for publicity purposes. To my knowledge, this and the following lot are both unique.

199. 1961 KENNEDY OFFICIAL INAUGURAL POLICE BADGE. OIPB-8. Unc.

The following is the largest selection of U.S. Mint medals to be offered at public auction since the sale of the Spangenberger Collection. A good number of these medals are the work of Charles Barber, from whose personal collection they were obtained.

Our offering begins with an extensive collection of Assay Commission medals. It is easily the largest such offering in the last decade.
